

VIA VERDI 89-91
CERNUSCO SUL NAVIGLIO (MI)

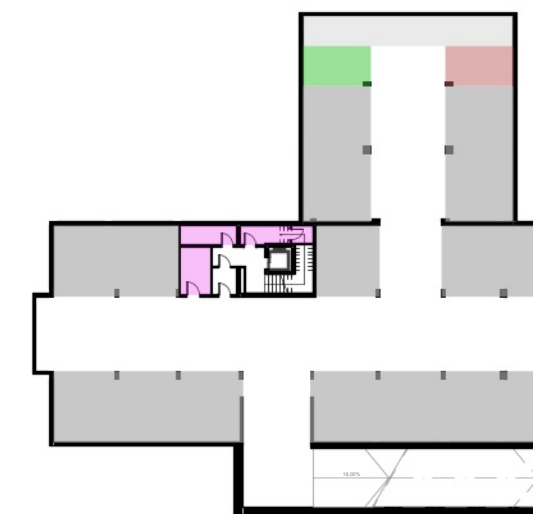

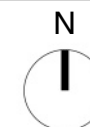

The architectural floor plan illustrates a multi-room building layout. Key features include:

- UFFICIO 6:** A large office space with a central desk area, surrounded by seating and a loggia.
- Loggia:** Outdoor or semi-outdoor spaces attached to the main building, used for relaxation or storage.
- Ingresso:** The main entrance area, featuring a reception desk and a waiting area.
- Disimpegno:** Corridor areas that facilitate movement between different parts of the building.
- Vano scala:** Staircase landings, including 'Vano scala A' and 'Vano scala B'.
- Asola impianti:** Utility rooms for mechanical and electrical systems.
- Wc uomini / Wc donne:** Restrooms for men and women.
- Antibagno:** A bathroom area, likely for staff or guests.
- spazio calmo:** A designated quiet zone for relaxation or focused work.
- Disimpegno 2:** An additional corridor area, possibly for emergency exits or service.

The plan is meticulously dimensioned, providing precise measurements for all rooms and corridors. Room numbers 5, 6, 7, and 8 are clearly marked, indicating the building's division into distinct units or wings. The layout is designed to optimize space utilization and ensure a smooth flow of traffic throughout the facility.

ORIENTAMENTO

A detailed floor plan of a building, likely a school or office, with various rooms and corridors. A large section on the left side of the plan is highlighted in orange, indicating a specific area of interest or a designated zone. The plan includes numerous rooms, some with furniture like desks and chairs, and a central staircase area.
